Dear Santosh Malla Thakuri:

Congratulations on making the Dean's List for your academic performance during the Spring 2021 semester. The Dean's List is comprised of undergraduate students who carry a full academic load (12 or more credits) for a given semester, are in good academic standing, and obtain a grade point average of at least 3.4. You have successfully met all of these requirements and for this you have earned recognition.

Marymount University is committed to fostering intellectual curiosity, where students value an unbiased pursuit of truth, the understanding of the varying modes of inquiry as introduced across disciplines, and the development of both the skills and the motivation necessary to succeed both professionally and personally. You have demonstrated your commitment to these principles with your success this previous semester.

Our goal in the College of Business, Innovation, Leadership and Technology is to educate and prepare our students to become ethical business, technical, and creative professionals who think critically and communicate effectively in a diverse, dynamic, and global environment. Your academic success the previous semester indicates that you are forging your path to developing these abilities and we applaud you for your efforts.

I would like to congratulate you again on your academic achievement.

Sincerely,
