Note: for the remaining fields in this section, employers who already have an internal/pre-existing training plan in place may fill in the details based on that plan.

Student Role: Describe the student's role with the employer and how that role is directly related to enhancing the student's knowledge obtained through his or her qualifying STEM degree.

At Thothit LLC, Santosh Malla Thakuri will be trained as a Software Developer/ Programmer analyst. His roles and responsibilities includes analyzing, designing and developing computer programs. He will be participating in all aspects of software development and attending scrum meetings. The knowledge obtained by Mr. Wagle from his STEM degree is direstly related to roles of this employment.

Goals and Objectives: Describe how the assignment(s) with the employer will help the student achieve his or her specific objectives for work-based learning related to his or her STEM degree. The description must both specify the student's goals regarding specific knowledge, skills, or techniques as well as the means by which they will be achieved.

Mr. Thakuri's training goal is to be familiar with new technologies and tools that are used in software development industry. He will be trained to handle real world problems in this ever growing technical industry. Gaining experinece in software engineering will enhance his software development, testing and quality assurance skills. He will gain hands on experience in Java, Junit, Mockito, Spring Boot, Oracle, Git and Jenkins etc. He will also be provided with enhancing his analytical and communication skills by attending team meetings to solve complex software related issues.

Employer Oversight: Explain how the employer provides oversight and supervision of individuals filling positions such as that being filled by the named F-1 student. If the employer has a training program or related policy in place that controls such oversight and supervision, please describe.

Santosh Malla Thakuri will work under direct supervision and senior developers. There will be standup meetings as needed with the team members to discuss the progress of assigned tasks as well as any problem faced. At the end of each sprint (period of 2 weeks), there would be evaluations done by the project on the total number of tasks completed on that timeframe. Also, students have 1:1 meetings with his supervisor to overview his growth and provide feedbacks which helps to fill the gaps and expand his knowledge with right guidance. Thothit LLC also provides and suggests training programs/videos to enhance his knowledge.

Measures and Assessments: Explain how the employer measures and confirms whether individuals filling positions such as that being filled by the named F-1 stude at are acquiring new knowledge and skills. If the employer has a training program or related policy in place that controls such measures and assessments, please describe.

Santosh Malla Thakuri's performance will be reviewed every two weeks. His achievements will be evaluated with his biweekly goals. Assessments are evaluated by the supervisors, team leads and the senior developers in the team. The team lead also conducts biweekly individual meetings with the student to know how the job is helping in his personal growth and how the job is helping to enhance his skills.
